- Bevco proven quality
- 12 year guarantee

1000 Series

Economical Value . . . proven by over 50 years of ergonomic durability and performance. The built-in values at the right price make the 1000 Series an economical choice in industrial chairs.

Made in the U.S.A., BEVCO 1000 Series chairs come standard with a fully adjustable back, heavy tubular steel base, and riveted construction. A sturdy welded footring is included on all models except the 1200. Seats and backs are made of 3/8" formed 7-ply maple plywood. The wood is double sanded and double lacquer dipped, giving the 1000 Series chairs a durable finish. BEVCO'S top grade baked enamel makes metal parts scratch and chip resistant.

Models 1300/5 and 1500/5 feature five legs and are supplied with rubber cushion metal glides and BEVCO Swivel II for 360° swivel. (Stationary Mode and Swivel I Option are not available on Model 1300/5 and 1500/5.)

And remember our guarantee. It's not prorated, works 24 hours per day and covers defects in materials and workmanship for *twelve* full years! Nobody offers a better, more comprehensive guarantee.

Showing top to bottom:
Rubber wheel caster with sleeve,
Rubber cushioned metal glides
Plastic guides

Options for all Models

- Vinyl seat and back cushions in your choice of black, brown, blue or green
- Fabric seat and back cushions available in blue
- Vinyl or fabric seat and back cushions with high density foam for lasting comfort (seat is 1 1/2" thick, back is 1" thick)

Additional Options for 1200, 1400, and 1600 Models only

- Swivel I with exclusive BEVCO Torsion Control. Provides an infinite adjustment from 360° swivel to a locked position - or anywhere in between!
- Swivel II standard 360° swivel*
- Rubber Cushioned Metal Glides for longer wear on cement floors (RCMG) (Plastic glides are standard)
