BEVCO®

7000 Series

BEVCO's 7000 Series Polyurethane Seating is specifically designed for outstanding comfort and long lasting use in the toughest workplace environment. Built with extraordinary care, these durable chairs offer total body support with advanced ergonomic features that improve productivity and reduce worker fatigue. Our rugged self-skinned polyurethane seat and back resist stains and damage from punctures, grease, water, and chemicals. Ventilation ribs increase air circulation, comfort and ease of cleanup.

Each BEVCO 7000 Series chair comes standard with easy-to-use pneumatic height adjustment, waterfall seat, fully adjustable contoured back and 360 degree swivel. Models 7001, 7201, 7301, 7501, and 7601 come with an articulating seat and back tilt control for maximum ergonomic benefit.

Models 7000 and 7001 feature a five star reinforced plastic base with mushroom glides. Models 7200, 7201, 7600, and 7601 come standard with a black five legged 16 gauge tubular steel base, welded chrome footring and rubber cushioned metal glides. Models 7300, 7301, 7500 and 7501 feature a wider five star base with an 18" diameter adjustable chrome footring.

BEVCO's reputation for outstanding value in workplace seating is backed by over 50 years of manufacturing. Made in the U.S.A., our products carry BEVCO's superior guarantee. It's not prorated, applies to a 24 hour day, and covers defects in material and workmanship for a full 12 years! **

Model 7000

Important Standard Features

- Durable, contoured polyurethane seat and back with ventilated ribs for lasting comfort and support
- Easy-to-use pneumatic seat height adjustment with "lifetime" cylinder guarantee
- Sturdy five legged base in reinforced plastic with mushroom glides or tubular steel with rubber cushioned metal glides
- Fully adjustable back with heavy duty back bracket
- Metal components have scratch resistant top grade baked enamel finish
- Available in Blue, Green, Gray, Black, Burgundy and Yellow. ESD versions in Black only.

Options

- 7000E Series- ESD polyurethane models with surface resistivity of 10⁸ ohms or less (ie: model 7500E)
- 7000CR Series- Class 10 cleanroom polyurethane models (ie: model 7200CR)
- 7000ECR Series- ESD/cleanroom polyurethane models (ie: model 7600ECR)
- Dual or single wheel casters for hard floors or carpeted areas (ESD and non ESD)
- "O2" control with separate levers for seat and back tilt. (specify model with "O2" option, ie: 7502)
- Adjustable armrests with polyurethane arm pads. Available on tilt models only. Must be specified with chair order. May not be added later.
- Larger 20" diameter adjustable chrome footring for models 7300, 7301, 7500 and 7501

* ANSI: American National Standards Institute, Inc. BIFMA: Business and Institutional Furniture Manufacturers Association. BIFMA standards include safety, durability and structural adequacy evaluations.

** Pneumatic cylinders have a lifetime guarantee in the chair originally installed.
