## LD-4 ADAPTABLE LAB TABLES

- Modular design for ultimate versatility.

These infinitely adaptable tables incorporate significant structural enhancements that support standard and chemical resistant laboratory table tops (TRESPA/Phenolic Resin, Epoxy Resin, Stainless Steel, Chemsurf and of course standard Plastic Laminate). LD-4 tables offer the diversification needed to furnish any laboratory environment, with a wide variety of sizes, finishes, shelving and storage options. The LD-4 is perfect for any laboratory, whether as a versatile standalone table, linked as continuous line, or configured as a double-sided island. There are really no limits with LD-4 Adaptable Tables.

### SINGLE SIDED STARTER AND ADD-ON UNITS

### DOUBLE SIDED STARTER AND ADD-ON UNITS
